

SALT/SAND SCOOP & SPREADER

SALT/SAND SPREADERS

Herd Salt/Sand Spreaders are rugged enough for heavy duty ice control usage. Whether personal use or commercial, the Herd Spreaders are ideal for parking lots, driveways, and sidewalks of any size.

Our unique agitator system ensures positive feed of all materials. The Herd Salt/Sand Spreaders can spread **WET** sand stored **OUTSIDE**, and sand mixed with salt or calcium chloride.

Three Sizes of PTO Powered Spreaders from which to Choose:

- Model 5.5 holds 550# of wet sand, or 5.5 cu.ft. of material
- Model 750S holds 1200# of wet sand, or 12 cu.ft. of material
- Model 1200S which holds 2000# of wet sand or 20 cu.ft. of material

SALT/SAND SCOOP & SPREADER

Model 750SSS Skid Steer Mounted Salt/Sand Spreader

*Since 1992, Herd has the products
you need for spreading wet sand.*

The Herd Salt/Sand Spreader is the Tool for Efficient Deicing. Ideal for Parking Lots and Walk-Ways, The model 750SSS couples the versatility of today's Skid Steers with the Durability that Herd is known for.

Utilizing our unique agitator design, the Herd Salt/Sand Spreader is the most effective method of spreading any combination of sand (*wet or dry*), salt, and calcium chloride.

- Easy to hook-up with a flow valve on the hydraulic motor to control width of spread from driver's seat
- Universal skid steer attaching design for easy compatibility and security
- Rugged 14 gauge hopper to withstand the heaviest use
- Powder-Coated Paint to endure the elements
- Capacity of 1200# wet sand, or 12 cubic feet of material.

SALT/SAND SCOOP & SPREADER

“Here’s the Scoop”
